WHO WE ARE

MDL Project Logistics is a shipping operator providing tailor-made transport solutions for projects cargoes across the Mediterranean, Europe and worldwide. Established in 2008, MDL supports freight forwarders and industrial clients with integrated logistics services for complex and oversized cargo.

Through a strong agency network and operational presence in key ports, we act as entry point for project logistics - ensuring efficiency, safety and full control at every stage of the shipment. Our experienced project team manages cargo from factory to final destination, combining technical expertise with practical operational know-how.

WHAT WE HANDLE

- ✓ **Heavy lift and oversized cargo**
- ✓ **Breakbulk and non-containerized shipments**
- ✓ **Industrial modules and machinery**
- ✓ **Energy, Nuclear and Renewable components**
- ✓ **Infrastructure and construction cargo**

WHY CHOOSE US

- ✓ Dedicated project cargo specialists
- ✓ Flexible vessel chartering solutions
- ✓ Strong Mediterranean operational presence leveraging MDL resources and our Group infrastructure
- ✓ Tailor-made and cost-efficient transport planning
- ✓ Reliable execution from factory to final destination
- ✓ Our private port terminal in La Spezia (TDG - Terminal del Golfo) for loading & discharging ops
- ✓ Container trading + special equipments availability (OT, FR, PL)
